

## Performance Plus Treadmill

PREMIUM LED CONSOLE

T-PP-PLED

Our exceptional treadmill sets a new standard with a shock-absorbing slat-belt and a powerful drive system that make even the most intense runs feel comfortable, solid and smooth, lasting up to 160,000 km / 100,000 mi in the most intense environments. Despite this incredible evolution of technology, service and maintenance have never been easier.

Give members the intuitive navigation of an LED with a more engaging look. An 8,000-pixel display fills the screen with color and sharp graphics, providing clear, easy-to-read feedback in large numbers and letters.
